

DESIGNED FOR SAVINGS

HEIL® PACKAGED HEATING & COOLING SYSTEMS

Rugged Reliability, Energy-Saving Efficiency

Get all-in-one, year-round comfort with a Heil® packaged heating and cooling system. Every Heil unit is designed for maximum dependability, high efficiency and quiet operation.

Peace-Of-Mind Warranty Protection

Every Heil unit is backed by exceptional warranties. You get up to a 10 year^s parts and compressor limited warranty.* And don't forget to ask your dealer about HELP® extended service agreements for additional worry-free protection for parts and labor coverage.

PAD4 Packaged Air Conditioner

- Energy-efficient up to 14.5 SEER[‡] rating
- 10 year^s parts and compressor limited warranty*

PHD4 Packaged Heat Pump also includes:

- Energy-efficient 8.0 HSPF[‡] rating
- Solid state time/temperature defrost for heating comfort and efficiency

PAD5 Packaged Air Conditioner

- Up to 15 SEER[‡] high efficiency to help save energy
- 10 year^s parts and compressor limited warranty*

PHD5 Packaged Heat Pump also includes:

- 8.0 HSPF[‡] high efficiency to help save energy
- Solid state time/temperature defrost for heating comfort and efficiency

[‡]SEER stands for Seasonal Energy Efficiency Ratio and HSPF stands for Heating Seasonal Performance Factor.

*See published warranty for complete details. To learn more about all of these limited warranties, go to Heil-HVAC.com.

[†]Subject to conditions. Ten year warranty requires timely registration. See detailed additional information on back page and Warranty Certificate at Heil-HVAC.com for complete details.

HEIL[®] PACKAGED HEATING & COOLING SYSTEMS

- ① Copper/aluminum coils and quality copper tubing with TVX for proper flow of refrigerant.
- ② High- and low-pressure switches to protect system.
- ③ X-13 indoor blower motor provides efficient airflow.
- ④ Copeland Scroll[®] compressor requires no pistons and few moving parts to give you quiet operation along with efficiency. (PAD5/PHD5 features Copeland[®] Scroll UltraTech[™] two-stage compressor.)
- ⑤ Control panels allow for quicker, easier service access.
- ⑥ Rugged pre-painted steel cabinet, full perimeter metal-base rails, and wire grilles to protect the coil.
- ⑦ The advanced electronic integrated defrost control switches quietly from cooling to heating—and keeps coils more efficient during operation. (Heat Pump only)

Air Conditioner

Heat Pump

14 SEER

The Copeland Scroll[®] compressor requires no pistons and few moving parts to give you quiet operation along with efficiency and reliability.

15 SEER

The Copeland[®] Scroll UltraTech[™] two-stage compressor provides even quieter operation and higher efficiency because it operates most of the time in the lower stage.

This Heil product carries a ten (10) year limited warranty on parts, including compressor and coils, to original homeowner if installed in an owner-occupied, single-family residence and properly registered within ninety (90) days after original installation. Otherwise, the parts warranty period is five (5) years from the date of installation. Heat exchangers may carry longer limited warranty coverage that applies to original homeowners with timely registration. (See Warranty Certificate for registration instructions. Registration not required in all jurisdictions.)

This product has been designed and manufactured to meet ENERGY STAR[®] criteria for energy efficiency when matched with appropriate coil components. However, proper refrigerant charge and proper airflow are critical to achieve rated capacity and efficiency. Installation of the product should follow the manufacturer's refrigerant charging and airflow instructions. Failure to confirm proper charge and airflow may reduce energy efficiency and shorten equipment life. Ask your contractor for details or visit www.energystar.gov.

All systems tested and listed by the appropriate agencies.

ISO 9001:
2000 Registered

R410A is an EPA-approved, environmentally sound refrigerant.
