TRANE
TECHNOLOGIES™

PREMIER		Using the latest, most advanced technology to push the boundaries in delivering truly controlled, truly premier comfort.
		20 TruComfort™ Variable Speed Air Conditioner with WeatherGuard™ Up to 23.6 SEER2 Link
		18 TruComfort™ Variable Speed Air Conditioner† Up to 18.1 SEER2 Link <i>†Does not meet ENERGY STAR requirements</i>
PRIORITY		Prioritizing whole-home comfort through advanced features working together to create enhanced comfort.
		17 Multi-Speed Air Conditioner with WeatherGuard™ Up to 18.0 SEER2
		17 Multi-Speed Air Conditioner Up to 17.1 SEER2
CHOICE		The best choice for quality products with modern capabilities and optionality.
		15 Single-Stage Air Conditioner with WeatherGuard™ Up to 17.0 SEER2
		15 Single-Stage Air Conditioner Up to 17.0 SEER2
		14 Single-Stage Air Conditioner† Up to 14.3 SEER2
		13 Single-Stage Air Conditioner† Up to 13.4 SEER2 <i>†Does not meet ENERGY STAR requirements</i>
	This product meets ENERGY STAR requirements when appropriate coil components are used. Ask your dealer for details.	

At Trane, we're constantly innovating for a more sustainable future— without sacrificing reliability, durability, or efficiency when it comes to your year-round home comfort. In response to federal regulations requiring HVAC systems to use low global warming potential (GWP) refrigerants by 2025, Trane dedicated extensive research to identify R-454B as the most sustainable alternative. Our latest equipment with R-454B refrigerant offers zero ozone depletion potential and a 78% reduction in global warming potential compared to traditional refrigerants. This transition not only aligns with global environmental goals but also enhances energy efficiency, potentially qualifying homeowners for tax credits and other incentives. Talk to your Trane dealer to learn more.

MORE STAGES MEAN MORE COMFORT AND EFFICIENCY.

Sometimes you just feel “too hot” or “too cold” between cycles of your system. A variable speed air conditioner nearly eliminates temperature fluctuations. Your system glides along as if on cruise control, barely sipping electricity for much of the day. It also runs at lower speeds for longer periods of time offering:

- ▶ **Advanced temperature control**
- ▶ **Lower humidity**
- ▶ **Reduced sound**
- ▶ **Enhanced filtration**
- ▶ **Lowest cost per minute**

[Link](#) Select models include innovative Trane Link technology, which communicates between system components. Simply opt in through the Trane Home app to have your system's data remotely monitored for even the slightest system changes – letting you relax and enjoy the exceptional comfort your variable speed system provides.

A CLOSER LOOK:

20 TruComfort™ Air Conditioner with WeatherGuard™

WeatherGuard™ Top

Is not only attractive, the durable polycarbonate material provides lasting protection.
Available as optional accessory on select models.

Exclusive Refrigerant Cooled Inverter

Keeps electronics at a consistent temperature leading to improved performance and reliability.

Climatuff® Variable Speed Compressor

The heart of Trane TruComfort™ technology that automatically adjusts while maintaining constant and consistent comfort.

Compressor Sound Enclosure

Reduce operating sound for a quieter home environment.

Full-Sided Galvanized Steel Louvered Panels

Protect internal components while preserving airflow efficiency.

Powder-Paint Finish

Virtually indestructible for maximum protection against corrosion and rust, for years of reliable protection.

Integrated Fan System

A unique blade-down design that improves airflow, enhances performance and reduces sound levels.

Exclusive All-Aluminum Spine Fin™ Woven Coil

Enhances airflow and heat transfer while resisting corrosion and leaks. Proven to be far more reliable than traditional copper and aluminum coils.

Trane Link Communicating Control Board

Powers the compressor and controls communication between components to optimize your comfort and efficiency.

DuraTuff™ Rustproof Basepan

Won't crack, corrode, rust or warp.

WeatherGuard™ Zinc-Coated Fasteners

Provide corrosion resistance and longer life, because even minor details are what Trane reliability is all about.

A Trane UX360 Smart Thermostat and system controller is required for all 20 TruComfort™ and 18 TruComfort™ Air Conditioner models.

The 20 TruComfort™ Air Conditioner with WeatherGuard™ shown is for illustration purposes only. Please note that features and components may vary by model. As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice.

¹ Registered Limited Warranty terms are available when you register within 60 days of installation. You can register online at Trane.com or by phone at 855-260-2975, otherwise Trane's Base Limited Warranty terms will apply. Base Limited Warranty information on specific products can be found on Trane.com. Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply. Product Registration and Registration Transfer exclusions vary in the US from state to state and in Canada from province to province. To determine if there are specific exclusions for your state or province check your local laws.

TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.

Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained professionals in the business—with an extensive understanding of the movement and conditioning of air and the expertise to recommend, install and maintain the right system for your home.

WE ARE COMMITTED TO USING ENVIRONMENTALLY FRIENDLY PRINTING PRACTICES.

COMFORT. CONTROL. EFFICIENCY.

Optimize the comfort and efficiency of your home with the Trane Home smart comfort system.

The Trane Home mobile app gives you remote access to your HVAC system through your connected Trane smart thermostat. Adjust your temperature, set your schedule, and view your HVAC usage from anywhere.

WHY IS INDOOR AIR QUALITY IMPORTANT?

We spend 90% of our time indoors, and 70% of that is in our home¹ where the air can be up to 5X poorer quality than the air outside². To help improve your indoor air, Trane offers a complete portfolio of air filtration equipment for whole home solutions for new and existing units.

TRANE CLEANEFFECTS® AIR CLEANER

Utilizes patented technology to deliver cleaner air to the whole home by removing up to 99.98% of airborne particles³ that pass through the re-usable filter, including 99.9% of the Influenza A (H1N1) virus⁴. This level of filtration makes it up to 100X more effective than a standard 1" filter⁵. Plus, it's the ONLY whole-home electronic air cleaner that is certified **asthma & allergy friendly**⁶ by the Asthma & Allergy Foundation of America.

Trane CleanEffects® is verified zero ozone producing so you can breathe easier knowing your air is free from harmful byproducts.⁶

ENERGY RECOVERY VENTILATORS (ERV)

Provide an energy-efficient way to exchange air inside your home with fresh air from outside, removing lingering odors like cooking smells while improving overall air quality.

HUMIDIFIERS AND DEHUMIDIFIERS

Deliver the right amount of moisture to the air throughout your home, adjusting from summer to winter.

Contact your Dealer or visit Trane.com/Residential to learn more.

¹The National Human Activity Pattern Survey (2001) | ²U.S. Environmental Protection Agency. EPA/600/6-87/002a. (1987)

³Based on 3rd party testing of particle removal efficiency down to 0.3 microns (2005)

⁴As reported by airmid healthgroup in ASCR092142v2 (2015) | ⁵Assuming <1% removal rate of 0.3-10 micron particles

⁶Verified Zero Ozone per UL 2998, Intertek certificate #Z0Z-90113-2023c
